January 4, 2012

KIDS Plus Registry launch scheduled on Monday, January 9, 2012!

In order to facilitate transition to the new system, some interruptions to use of KIDS will occur in the days prior to launch. A timeline of changes to the system that may affect usage are below. As KIDS will be unavailable at times, please plan accordingly.

Wednesday, January 4th:

- As of 5:00pm, users *will not* be able to enter data into the system. If you currently have the ability to enter data into KIDS, your account will be temporarily changed to a read-only account. Please continue to vaccinate and keep a log of any vaccine administrations so you can enter them once KIDS Plus is available.
- All authorized users will continue to be able to look up patients and vaccination histories throughout Wednesday 1/4 and Thursday 1/5.

Friday, January 6th:

- As of 5:00pm, KIDS will no longer be available to look up patients or vaccination histories. Please prepare in advance if you need patient vaccination histories during this time.

Saturday, January 7th through Sunday, January 8th:

- KIDS will be offline and users will not be able to log in.

Monday, January 9th:

- KIDS Plus Launch!
- Users will receive a Health Alert with information on how to access the new system once it is available.
- Data entry users should enter data on any vaccines administered since Wednesday January 4th once they are able to access KIDS Plus.

**Please check <https://kids.phila.gov> under “Immunization Hot Topics”
As well as your fax or email for additional information about the KIDS Plus
launch.**
