VFC Flu Vaccine for 2016-17

1. Fax temperature and inventory logs to 215-238-6939
2. Order only what your site needs for a 4 to 6 week period
3. Order only what you can store in your refrigerator
4. If you do not receive your order within 7 days contact the VFC Program at 215-685-6728

The Immunization Program will make every effort to fulfill your complete flu vaccine request; however, in the event that flu product is available in limited quantity, the Immunization Program will reduce your order.

Continue ordering flu vaccine throughout the season as needed. Keep vaccinating until product expires. Only use VFC vaccine to vaccinate VFC eligible patients (0-18 years and are uninsured, Medicaid, Native American/Alaska Native).

Flu vaccine may typically arrive separately from other vaccines even if flu and non-flu vaccines are ordered at the same time. If you receive a vaccine shipment with an out-of-range temperature monitoring reading, please contact the Immunization Program immediately: Christine Wilson at 215-685-6728.

The latest VISs can be found on <http://www.cdc.gov/vaccines/hcp/vis/index.html>
