

# Determine the correct Funding Code: Clinical Notes

Use the table below to determine what insurance statuses correspond to what eligibility codes.

## 1. Identify the patient's eligibility code or insurance status

| V00<br>VFC eligibility not determined or unknown | V01<br>Not VFC eligible  | V02<br>VFC eligible: Medicaid/Medicaid Managed Care  | V03<br>VFC eligible: uninsured   | V04<br>VFC eligible: American Indian/Alaskan Native   | V05<br>VFC eligible: FQHC Patient (under-insured)  | V22<br>CHIP  | V23<br>317<br><br><i>VFAAR, in Philadelphia</i>   | V24<br>Medicare   | V25<br>State-specific code<br><br> |
|--|--|--|--|---|--|--|---|---|---|
|  | Does not qualify for VFC because they do not have one of the statuses below (right). | <ul style="list-style-type: none"> <li>• Currently on Medicaid or Medicaid managed care</li> <li>• &lt; 19 years old</li> <li>• Vaccine administered is eligible for VFC funding.</li> </ul> | <ul style="list-style-type: none"> <li>• Does not have private insurance coverage</li> <li>• &lt; 19 years old</li> <li>• Vaccine administered is eligible for VFC Funding.</li> </ul> | <ul style="list-style-type: none"> <li>• Ss a member of a federally recognized tribe</li> <li>• &lt; 19 years old</li> <li>• Vaccine administered is eligible for VFC Funding.</li> </ul> | <ul style="list-style-type: none"> <li>• Has insurance that partially covers vaccines received on visit and so is eligible for VFC coverage at a Federally Qualified Health Center.</li> <li>• Receives immunizations at the FQHC</li> <li>• &lt; 19 years old</li> <li>• Vaccine administered is eligible for VFC Funding.</li> </ul> | <ul style="list-style-type: none"> <li>• Eligible for the CHIP program, a separate state health insurance that is NOT a Medicaid expansion program.</li> </ul> | <ul style="list-style-type: none"> <li>• Eligible to receive vaccines under the state/program immunization policy</li> <li>• Vaccine administered is eligible for 317 funding.</li> </ul> | <ul style="list-style-type: none"> <li>• Is enrolled in Medicare</li> </ul> | Client is eligible for specific state vaccine program   |

 Invalid in Philadelphia

# Determine the correct Funding Code: Flowchart

Not all funding codes can be used with each eligibility code (insurance status). Use the diagram below to see what funding codes can be paired with different eligibility codes.

## 2. Identify the patient's eligibility code or insurance status

| Other                  |                    | Not VFC-eligible                                      |                                | VFC-eligible   |                                       |  |   | VFAAR   |   |
|------------------------|--------------------|---|--------------------------------|--|---------------------------------------|--|---|---|---|
| <b>V24</b><br>Medicare | <b>V22</b><br>CHIP | <b>V00</b><br>VFC eligibility undetermined or unknown | <b>V01</b><br>Not VFC eligible | <b>V02</b><br>VFC eligible: Medicaid/Medicaid Managed Care | <b>V03</b><br>VFC eligible: Uninsured | <b>V04</b><br>VFC eligible: American Indian/Alaskan Native | <b>V05</b><br>VFC eligible: FWHC Patient (underinsured) | <b>V23</b><br>317<br><i>VFAAR in Philadelphia</i> | <b>V25</b><br>State-specific code  |

Medicare vaccine is taken from a provider's private stock and later reimbursed by Medicare.

VFC/VFAAR eligibility does not prevent patients from receiving privately funded vaccine at the provider's expense.

## 3. Use a funding code that pairs with the patient's eligibility code or insurance status
